

“PROCESS PERFECT”

GFS Chemicals will tailor our core technologies to meet your specific needs for customized specifications, special packaging, or to achieve other parameters critical to your process.

Specialists in low trace metal, ACS reagent, and low moisture/anhydrous chemicals in kilogram through metric ton quantities.

SOURCE WITH ASSURANCE

Item Name	GFS Item Numbers Available
Perchloric Acid	66/67/68/69/2477/2478/2967/6601
Lithium Perchlorate	53/221/233
Sodium Perchlorate	91/92/1950
Potassium Perchlorate	80/297/373/1929
Magnesium Perchlorate	54/55/56/589
Calcium Perchlorate	12/3723
Strontium Perchlorate	96/5168
Barium Perchlorate	7/8
Ferric Perchlorate	39/40/3924
Ferrous Perchlorate	42
Nickel Perchlorate	62/5155
Silver Perchlorate	86/87
Zinc Perchlorate	102/5184
Mercuric Perchlorate	60/5148
Lead Perchlorate	49/50/5142
Ceric Ammonium Nitrate	13/14/15/768/2909/7683
Ceric Nitrate	19/1574/1575
Ceric Sulfate	24/2258
Cerous Chloride	29/2902
Cerous Nitrate	30/1571
Lithium Carbonate	609/2297
Lithium Iodide	940/2595
Iodic Acid	44
Periodic Acid	74/5369/7402
Potassium Periodate	81/593/1930
Sodium Paraperiodate	94/659

Item Name	GFS Item Numbers Available
Oxalic Acid	652/1277/2450
Nitric Acid	63/626/2514/2543/2587
Potassium Hydrogen Phthalate	554/2354
Stannous Chloride	562/2429
Cadmium Chloride	868/869
Cupriethylenediamine	666/6661
Potassium Chlorate	987/1922
Silver Iodide	1190
Lanthanum Chloride	634
Ammonium Nitrate	646/1905
Nickel Sulfate	697
Sodium Nitrate	658/1942/6581
Strontium Chloride	807
Mercurous Nitrate	292/957/9248
Sodium Tartrate	805/1945
Sodium Nitrite	559
Lithium Nitrate	611/1916
Citric Acid	649/894/2048
Calcium Nitrate	779/1909
Silver Iodate	84
Yttrium Nitrate	1216/2250/2453
Mercuric Nitrate	613
Rubidium Nitrate	1016/5384
Cerium/Perchloric Acid Etchants	5910/5911/5912/5913/Custom
Nickel Chloride	972/5316
Lanthanum Nitrate	633
Cupric Chloride	603/3614/3615
Sodium Cobaltinitrite	290
TRIS	176/1096/1948
Trichloromelamine	2938
